Commented [DbDb1]:

The screenshot shows the IBM Cloud dashboard interface. At the top, the browser address bar displays 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account 'Dharshna bala G's Acc...'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build', 'Set up your IBM Cloud account', 'Get Started with Watson Studio', 'Build a web app with Watson Speech to Text', 'Create an OpenShift cluster', and 'Build and deploy Node.js apps'. Each action card includes a description, a 'Getting started' button, and a time estimate. Below this section, there are four panels: 'News' with links to IBM Storage price guarantees and tech news, 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' which shows a world map with service status indicators.
